Dear Senator Moore  
Rep Abercrombie,

Hello this is Jessica Teyada and I've been in the child education field for five years. Even though this field is rewarding in watching the children learn and grow as an educator we do not get paid enough. I am a single mother and have to pay for his tuition on my own. Then I have other bills to pay, it's difficult when you live pay check to pay check especially when you want the best for your child.

As an educator we are not only here to guide children but also their families. We help them with different resources to help their child. As a mother my son's teacher is always helping and giving me advice and ideas to help my son with his growth and development.

Thank you for your time.

Jessica Teyada
